

Super·Bio

GETTING HEALTHIER EVERY DAY

If you have researched probiotics, you probably know that “good” gut bacteria can help digestion, and prevent problems like irritable bowel syndrome, diarrhea, constipation, and bloating.

SuperBio Probiotics for Women is formulated with a blend of probiotic strains that are effective for digestive health, overall wellness and addresses a woman’s unique needs, and includes a blend of Bifidobacter and Lactobacilli to help maintain urinary tract, vaginal health, pH, microbiome, and help ward off opportunistic infections.

SuperBio Probiotics for Women is a **NEW** kind of Probiotic called a “COBIOTIC”!

- ✓ **COBIOTICS** stimulate the growth of powerful probiotic bacteria in your gut
- ✓ **COBIOTICS** have prebiotic fiber
- ✓ **COBIOTICS** provide nutritional and immune benefits

How Does it Work?

SuperBio Probiotics for Women helps naturally protect feminine health by promoting the natural balance of good bacteria and yeast. It is unique for feminine and digestive health that’s safe for every day and long-term use.

SuperBio Probiotics for Women is also fortified with Organic USP Grade Spirulina, a major source of protein, vitamins, minerals and fiber, which not only help you stay healthy but also promotes a healthy in our gut.

A daily dose of SuperBio Probiotic for Women will help start you on your way to a healthier life!
